

I attended a course called
Executive Success Programs
(aka Wexium) based out
of Anchorage, AK + Albany, NY.

I was brainwashed + my
emotional center of the brain
was killed/turned off. I still
have feeling in my external skin
but my internal organs are nothing.

Please contact my parents Bob + Joanne
Snyder at [REDACTED] in Dillon
SC if you find me or this note.

I am sorry life, I didn't
know I was already dead. May we
persist into the future. KRISTIN SNYDER

No need to
search for my
body.
